How To Care For Your Skin After Your eDermaStamp® CIT Treatment

- During the first 48 hours, refrain from exercise, saunas, hot tubs, and sun-beds. Avoid strong sunlight and do not use sun screen (after 48 hours, use sun screen every day).
- Avoid touching your treated skin unnecessarily. Always wash hands or use gloves before touching treated skin.
- During the first 24 hours post treatment, it is recommended to use only **Dermaroller® Hyaluronic Acid** (ampules/dispenser).
- For further hydration and to relieve any irritation post treatment, **Dermaroller® Hyaluronic Acid Masks** can be used once a day to calm, refresh, and hydrate the skin.
- Avoid makeup for 24 hours. If you must use makeup within the first 24 hours, please only use a 100% pure mineral powder makeup.

AM MORNING ROUTINE

1. Wash your skin with the Dermaroller® Skin Cleanser.
2. Apply Hyal C Serum; wait for absorption.
3. Apply Moisturizer ACE (re-apply Moisturizer ACE throughout the day, as needed).

PM EVENING ROUTINE

1. Wash your skin with the Dermaroller® Skin Cleanser.
2. Apply Hyal C Serum; wait for absorption.
3. Apply Lipopeptide with Vitamin A.

Use only Dermaroller® products throughout the treatment regime to promote best results. Products not made by Dermaroller® may cause irritation. If you have any persistent issues please contact the clinic.
